

SPECIAL NOTICES TO BIDDERS & BUYERS

No Intellectual Property Rights: Buyers of property items offered in this catalog (including but not limited to publicity vehicles) will not acquire any copyright, trademark, other intellectual property or similar design or merchandising rights in such items or in any logos, images or likenesses contained therein (control over which remains with the third party owners and licensors of such intellectual property and similar rights).

Catalog Illustrations: The images used in this catalog are for general illustration purposes only. Without limiting the foregoing, in some cases, the catalog illustration may picture a property item that is similar to the subject lot but is not the actual property item that will be offered at auction.

No Warranty of Title Document or Registrability: Neither the Seller nor Bonhams & Butterfields makes any representation or warranty with regard to any registration or title document which may accompany a lot, the existence of any such document, or with regard to the future issuance of any title or registration document concerning the lot. Without limiting the foregoing, in some cases, vehicles being offered in this catalog may not be registrable or "street legal" and/or may not pass any applicable smog or similar state or local mechanical certification. Designated years of vehicle manufacture are approximate only, and some vehicles offered in this catalog have been heavily restored, modified and/or adapted.

No Warranty of Operability: Neither the Seller nor Bonhams & Butterfields makes any representation or warranty with regard to the operability of any lot offered in this catalog or its suitability for any particular purpose, including without limitation its suitability for transportation purposes.

Television, Film, Stunt, Prop & Publicity Vehicles: Some of the lots being offered in this catalog consist of vehicles produced for television and film usage (as action vehicles, stunt cars, props, etc.), exhibition, publicity and/or advertising purposes or for other television or film industry-related purposes and are being offered for sale as Collectibles. Accordingly, in addition to the other disclaimers set forth here and elsewhere in this catalog, a given lot may have been used in general association with a stated television or film product or industry event but may not be the vehicle actually used in the final or distributed version of such television or film product or industry event, and in some cases may be a replica of such vehicle.

"Barris Collection" and "Barris Kustom" Vehicles: Lots designated as being part of the "Barris Collection" or being "Barris Kustom" vehicles may bear different levels of association with George Barris. For example, such a lot may have been designed (in whole or in part) by George Barris, may have been built (in whole or in part) by George Barris, or may not have been designed or built by his hand but was acquired by Mr. Barris for his personal collection.

Lots are sold "AS-IS" and "With All Faults." Please see the Disclaimer of any Warranty and related provisions set forth in the Conditions of Sale published elsewhere in this catalog.

Prospective bidders and buyers are strongly advised to attend the auction preview to inspect the lots in person or otherwise contact the Motor Car Department with any inquiries.
